

Bio-Kick Throat Shield Mouthwash

Model : 400770

The mouth harbors billions of bacteria that forms into an oral flora. Is the oral flora unbalanced, undesirable bacteria can grow and cause damage. A healthy and balances oral flora is often a guarantee of good health. By taking antibiotics, poor oral hygiene or an improper way of life, the oral and throat bacteria balance will be often compromised. Harmful bacteria can grow unhindered which leads to various diseases and ailments.

Bio-Kick was designed to normalize and strengthen the oral flora quickly. The two component containing mouthwash with chlorine dioxide, reduces the oral bacterial numbers and accelerates the effect, when taking at the same time with Bio-Kick Throat Shield Daily or Blis K12, its colonization in the oral cavity.
